

Infectious Viruses vs GERD vs Diet

Seasonal Viruses

- Influenza (flu)
- Flu Mutated Strains

Common Viruses

- Rotavirus
- Stomach Bug
- Norovirus

Neglected Tropical Viruses

- Dengue
- Chikungunya
- Zika

Covid19

- Therapy: Frequency, Energy, pH & Nutrients

Independent research study shows diet can prevent & restore tissue cell functions. Also, specific diets kill certain pathogens (viruses) naturally. See ongoing study results below.
